No debit balance should be allowed on PM accounts opened in the books of the BANQUE DE FRANCE except in those cases provided by the AL agreement and/or by the General Council's Monetary Committee of the BANQUE DE FRANCE regarding the BANQUE DE FRANCE's instruments and procedures for monetary policy and intraday credit.

3. PM accounts and their sub-accounts shall either be remunerated at zero per cent or the deposit facility rate, whichever is lower, unless they are used to hold required minimum reserves. In such a case, the calculation and payment of remuneration of holdings of minimum reserves shall be governed by Council Regulation (EC) No 2531/98 of 23 November 1998 concerning the application of minimum reserves by the European Central Bank and Regulation (EC) No 1745/2003 of the European Central Bank of 12 September 2003 on the application of minimum reserves (ECB/2003/9).

4. In addition to the settlement of payment orders in the Payments Module, a PM account may be used to settle payment orders to and from Home Accounts, according to the rules laid down by the BANQUE DE FRANCE.

5. Participants shall use the ICM to obtain information on their liquidity position. The BANQUE DE FRANCE shall provide a daily statement of accounts to any participant that has opted for such service.

#### **Article 13 – Types of payment orders**

The following are classified as payment orders for the purposes of TARGET2:

- (a) credit transfer orders;
- (b) direct debit instructions carried out under a direct debit authorisation;
- (c) liquidity transfer orders and
- (d) PM to DCA liquidity transfer orders.

## **Article 14 – Acceptance and rejection of payment orders**

1. Payment orders submitted by participants are deemed accepted by the BANQUE DE FRANCE if:

- (a) the payment message complies with the rules established by the TARGET2 network service provider;
- (b) the payment message complies with the formatting rules and conditions of TARGET2-BANQUE DE FRANCE and passes the double-entry check described in Appendix I; and
- (c) in cases where a payer or a payee has been suspended, the suspended participant's CB's explicit consent has been obtained.

2. The BANQUE DE FRANCE shall immediately reject any payment order that does not fulfil the conditions laid down in paragraph 1. The BANQUE DE FRANCE shall inform the participant of any rejection of a payment order, as specified in Appendix I.

3. The SSP determines the timestamp for the processing of payment orders on the basis of the time when it receives and accepts the payment order.

## **Article 15 – Priority rules**

1. Instructing participants shall designate every payment order as one of the following:

- (a) normal payment order (priority class 2);
- (b) urgent payment order (priority class 1);
- (c) highly urgent payment order (priority class 0).

If a payment order does not indicate the priority, it shall be treated as a normal payment order.

2. Highly urgent payment orders may only be designated by:

- (a) CBs; and
- (b) participants, in cases of payments to and from CLS International Bank and liquidity transfers in relation to ancillary system settlement using the Ancillary System Interface (ASI).

All payment instructions submitted by an ancillary system through the ASI to debit or credit the participants' PM accounts and all PM to DCA liquidity transfer orders submitted shall be deemed to be highly urgent payment orders.

3. Liquidity transfer orders initiated via the ICM are urgent payment orders.

4. In the case of urgent and normal payment orders, the payer may change the priority via the ICM with immediate effect. It shall not be possible to change the priority of a highly urgent payment order.

## **Article 16 – Liquidity limits**

1. A participant may limit the use of available liquidity for payment orders in relation to other TARGET2 participants, except any of the CBs, by setting bilateral or multilateral limits. Such limits may only be set in relation to normal payment orders.
2. Limits may only be set by or in relation to an AL group in its entirety. Limits shall not be set in relation to either a single PM account of an AL group member or by AL group members in relation to each other.
3. By setting a bilateral limit, a participant instructs the BANQUE DE FRANCE that an accepted payment order shall not be settled if the sum of its outgoing normal payment orders to another TARGET2 participant's PM account minus the sum of all incoming urgent and normal payments from such TARGET2 participant's PM account would exceed this bilateral limit.
4. A participant may set a multilateral limit for any relationship that is not subject to a bilateral limit. A multilateral limit may only be set if the participant has set at least one bilateral limit. If a participant sets a multilateral limit, it instructs the BANQUE DE FRANCE that an accepted payment order shall not be settled if the sum of its outgoing normal payment orders to all TARGET2 participants' PM accounts in relation to which no bilateral limit has been set, minus the sum of all incoming urgent and normal payments from such PM accounts would exceed this multilateral limit.
5. The minimum amount of any of the limits shall be EUR 1 million. A bilateral or a multilateral limit with an amount of zero shall be treated as if no limit has been set. Limits between zero and EUR 1 million are not possible.
6. Limits may be changed in real time with immediate effect or with effect from the next business day via the ICM. If a limit is changed to zero, it shall not be possible to change it again on the same business day. The setting of a new bilateral or multilateral limit shall only be effective from the next business day.

## **Article 17 - Liquidity reservation facilities**

1. Participants may reserve liquidity for highly urgent or urgent payment orders via the ICM.
2. The AL group manager may only reserve liquidity for the AL group in its entirety. Liquidity shall not be reserved for single accounts within an AL group.
3. By requesting to reserve a certain amount of liquidity for highly urgent payment orders, a participant instructs the BANQUE DE FRANCE only to settle urgent and normal payment orders if there is available liquidity after the amount reserved for highly urgent payment orders has been deducted.
4. By requesting to reserve a certain amount of liquidity for urgent payment orders, a participant instructs the BANQUE DE FRANCE only to settle normal payment orders if there is available

liquidity after the amount reserved for urgent and highly urgent payment orders has been deducted.

5. After receipt of the reservation request the BANQUE DE FRANCE shall check whether the amount of liquidity on the participant's PM account is sufficient for the reservation. If this is not the case, only the liquidity available on the PM account shall be reserved. The rest of the requested liquidity shall be reserved if additional liquidity becomes available.

6. The level of the liquidity reservation may be changed. Participants may make a request via the ICM to reserve new amounts with immediate effect or with effect from the next business day.

### **Article 17a – Standing instructions for liquidity reservation and dedication of liquidity**

1. Participants may predefine the default amount of liquidity reserved for highly urgent or urgent payment orders via the ICM. Such standing instruction or a change to such instruction shall take effect from the next business day.

2. Participants may predefine via the ICM the default amount of liquidity set aside for ancillary system settlement. Such standing instruction or a change to such instruction shall take effect from the next business day. Participants shall be deemed to have instructed the BANQUE DE FRANCE to dedicate liquidity on their behalf if the relevant ancillary system so requests.

### **Article 18 – Predetermined settlement times**

1. Instructing participants may predetermine the settlement time of the payment orders within a business day by using the Earliest Debit Time Indicator or the Latest Debit Time Indicator.

2. When the Earliest Debit Time Indicator is used, the accepted payment order is stored and only entered into the entry disposition at the indicated time.

3. When the Latest Debit Time Indicator is used, the accepted payment order shall be returned as non-settled if it cannot be settled by the indicated debit time. 15 minutes prior to the defined debit time, the instructing participant shall be sent an automatic notification via the ICM. Instructing participant may also use the Latest Debit Time Indicator solely as a warning indicator. In such cases, the payment order concerned shall not be returned.

4. Instructing participants can change the Earliest Debit Time Indicator and the Latest Debit Time Indicator via the ICM.

5. Further technical details are contained in Appendix I.

## **Article 19 – Payment orders submitted in advance**

1. Payment orders may be submitted up to five business days before the specified settlement date (warehoused payment orders).
2. Warehoused payment orders shall be accepted and entered into the entry disposition on the date specified by the instructing participant at the start of daytime processing, as referred to in Appendix V. They shall be placed in front of payment orders of the same priority.
3. Article 15(3), Article 22(2) and Article 29(1)(a) shall apply *mutatis mutandis* to warehoused payment orders.

## **Article 20 – Settlement of payment orders in the entry disposition**

1. Unless instructing participants have indicated the settlement time in the manner described in Article 18, accepted payment orders shall be settled immediately or at the latest by the end of the business day on which they were accepted, provided that sufficient funds are available on the payer's PM account and taking into account any liquidity limits and liquidity reservations as referred to in Articles 16 and 17.
2. Funding may be provided by:
  - (a) the available liquidity on the PM account; or
  - (b) incoming payments from other TARGET2 participants, subject to the applicable optimisation procedures.
3. For highly urgent payment orders the 'first in, first out' (FIFO) principle shall apply. This means that highly urgent payment orders shall be settled in chronological order. Urgent and normal payment orders shall not be settled for as long as highly urgent payment orders are queued.
4. For urgent payment orders the FIFO principle shall also apply. Normal payment orders shall not be settled if urgent and highly urgent payment orders are queued.
5. By derogation from paragraphs 3 and 4, payment orders with a lower priority (or of the same priority but accepted later) may be settled before payment orders with a higher priority (or of the same priority which were accepted earlier), if the payment orders with a lower priority would net out with payments to be received and result on balance in a liquidity increase for the payer.
6. Normal payment orders shall be settled in accordance with the FIFO by-passing principle. This means that they may be settled immediately (independently of other queued normal payments accepted at an earlier time) and may therefore breach the FIFO principle, provided that sufficient funds are available.

Further details on the settlement of payment orders in the entry disposition are contained in Appendix I.

## **Article 21 – Settlement and return of queued payment orders**

1. Payment orders that are not settled immediately in the entry disposition shall be placed in the queues in accordance with the priority to which they were designated by the relevant participant, as referred to in Article 15.
2. To optimise the settlement of queued payment orders, the BANQUE DE FRANCE may use the optimisation procedures described in Appendix I.
3. Except for highly urgent payment orders, the payer may change the queue position of payment orders in a queue, i.e. reorder them, via the ICM. Payment orders may be moved either to the front or to the end of the respective queue with immediate effect at any time during daytime processing, as referred to in Appendix V.
4. At the request of a payer, the BANQUE DE FRANCE or, in the case of an AL group, the CB of the AL group manager may decide to change the queue position of a highly urgent payment order (except for highly urgent payment orders in the context of settlement procedures 5 and 6) provided that this change would not affect the smooth settlement by ancillary systems in TARGET2 or would not otherwise give rise to systemic risk.
5. Liquidity transfer orders initiated in the ICM shall be immediately returned as non-settled if there is insufficient liquidity. Other payment orders shall be returned as non-settled if they cannot be settled by the cut-off times for the relevant message type, as specified in Appendix V.

## **Article 22 – Entry of payment orders into the system and their irrevocability**

1. For the purposes of the first sentence of Article 3(1) of Directive 98/26/EC and of the II and the III of articles 330-1 of the Financial and Monetary Code (Code Monétaire et Financier) , payment orders are deemed entered into TARGET2-BANQUE DE FRANCE at the moment that the relevant participant's PM account is debited.
2. Payment orders may be revoked until they are entered into TARGET2-BANQUE DE FRANCE in accordance with paragraph 1. Payment orders that are included in an algorithm, as referred to in Appendix I, may not be revoked during the period that the algorithm is running.

## **SECTION V**

### **LIQUIDITY POOLING**

#### **Article 23 – Liquidity pooling modes**

The BANQUE DE FRANCE shall offer a consolidated account information (CAI) mode and an aggregated liquidity (AL) mode.

#### **Article 24 – Consolidated account information mode**

1. The following may use the CAI mode:

- (a) a credit institution and/or its branches (whether or not such entities participate in the same TARGET2 component system), provided that the entities concerned have several PM accounts identified by different BICs; or
- (b) two or more credit institutions which belong to the same group and/or their branches, each having one or more PM accounts identified by different BICs.

2. (a) Under the CAI mode, each member of the CAI group and their respective CBs are provided with the list of PM accounts of the group members and the following additional information consolidated at the level of the CAI group:

- (i) intraday credit lines (if applicable);
- (ii) balances, including balances on sub-accounts;
- (iii) turnover;
- (iv) settled payments;
- (v) queued payment orders.

(b) The CAI group manager and its respective CB shall have access to information on each of the above items in relation to any PM account of the CAI group.

(c) Information referred to in this paragraph is provided via the ICM.

3. The CAI group manager shall be entitled to initiate liquidity transfers via the ICM between the PM accounts, including their sub-accounts, forming part of the same CAI group.

4. A CAI group may also include PM accounts which are included in an AL group. In such a case, all the PM accounts of the AL group shall form part of the CAI group.

5. Where two or more PM accounts form part of an AL group and, at the same time, of a CAI group (comprising additional PM accounts), the rules applicable to the AL group shall prevail as to the relationship within the AL group.

6. A CAI group, which includes PM accounts of an AL group, may appoint a CAI group manager that is different from the AL group manager.

7. The procedure for obtaining authorisation to use the AL mode, set out in Article 25(4) and (5), shall apply *mutatis mutandis* to the procedure for obtaining authorisation to use the CAI mode. The CAI group manager shall not address an executed CAI mode agreement to the managing NCB.

## **Article 25 – Aggregated liquidity mode**

1. The following may use the AL mode:

(a) a credit institution and/or its branches (whether or not such entities participate in the same TARGET2 component system), provided that the entities concerned are established in the euro area and have several PM accounts identified by different BICs;

(b) branches established in the euro area (whether or not such branches participate in the same TARGET2 component system) of a credit institution established outside the euro area, provided that such branches have several PM accounts identified by different BICs; or

(c) two or more credit institutions referred to in subparagraph (a) and/or branches referred to in subparagraph (b) which belong to the same group.

In each case referred in subparagraphs (a) to (c) it shall also be a requirement that the entities concerned have established intraday credit arrangements with the respective euro area NCB.

2. Under the AL mode, for the purpose of checking whether a payment order is sufficiently covered, available liquidity on all the AL group members' PM accounts is aggregated. Notwithstanding the above, the bilateral PM account relationship between the AL group member and its AL NCB shall continue to be governed by the arrangements of the relevant TARGET2 component system, subject to the modifications set out in the AL agreement. Intraday credit extended to any AL group member on its PM account may be covered by the available liquidity on the other PM accounts held by such AL group member or PM accounts held by any other AL group members with the same or any other AL NCB.

3. In order to use the AL mode, one or more PM account holder meeting the criteria in paragraph 1 shall enter into an AL agreement with the BANQUE DE FRANCE and, if applicable, other CBs of the TARGET2 component systems in which other AL group members participate. A PM account holder may only enter into one AL agreement in relation to a particular PM account. The AL agreement shall be in conformity with the relevant template in Appendix VII.

4. Each AL group shall designate an AL group manager. In the event that the AL group consists of only one PM account holder, this account holder shall act as the AL group manager. The AL group manager shall address to the managing NCB a written request to use the AL mode (containing static data collection forms as provided by BANQUE DE FRANCE), together with the executed AL agreement on the basis of the template provided by the managing NCB. The remaining AL group members shall address their written requests (containing static data collection forms as provided by BANQUE DE FRANCE) to their respective AL NCBs. The managing NCB may request any additional information or document that it deems appropriate in order to decide on the request. In addition, the managing NCB, in agreement with the other AL NCBs, may require the insertion of any additional provision in the AL agreement that it deems appropriate in order to ensure the proper and timely discharge of any existing and/or future obligation of all AL group members towards any AL NCB.

T2-BF Agreement – Access by the TARGET2 network service provider

5. The managing NCB shall verify whether the applicants fulfil the requirements to form an AL group and whether the AL agreement has been properly executed. To this end, the managing NCB may liaise with the other AL NCBs. The managing NCB's decision shall be addressed, in writing, to the AL group manager within one month of receipt of the request referred to in paragraph 4 by the managing NCB, or, if the managing NCB requests additional information, within one month of receipt of such information by the managing NCB. Any rejection decision shall contain reasons for the rejection.

6. AL group members shall automatically have access to the CAI mode.

7. The provision of information and all interactive control measures within an AL group shall be accessed via the ICM.

#### **Article 25a – Pledge/enforcement**

1. The BANQUE DE FRANCE's current and future claims arising from the legal relationship between an AL group member and the BANQUE DE FRANCE and which are secured by the pledge pursuant to article L. 211-38 II of the Monetary and Financial Code (Code monétaire et financier), under Article 36(1) and (2) of the T2-BF Agreement shall include the BANQUE DE FRANCE's claims against such AL group member arising under the AL agreement to which both are party.

2. The PM account of the PM account holder is intended to collateralize the operations processed in TARGET2-BANQUE DE FRANCE in the form of central bank money.

#### **Article 26 – Set-off of claims under Article 36(4) and (5)**

On the occurrence of an enforcement event, any claim of the BANQUE DE FRANCE against such AL group member shall be automatically and immediately accelerated and shall be subject to Article 36(4) and (5) of the T2-BF Agreement.

## **SECTION VI SECURITY REQUIREMENTS AND CONTINGENCY PROCEDURES**

#### **Article 27 – Business continuity and contingency procedures**

In the event of an abnormal external event or any other event which affects the operation of the SSP, the business continuity and contingency procedures described in Appendix IV shall apply.

## **Article 28 – Security requirements**

1. Participants shall implement adequate security controls to protect their systems from unauthorised access and use. Participants shall be exclusively responsible for the adequate protection of the confidentiality, integrity and availability of their systems.
2. Participants shall inform the BANQUE DE FRANCE of any security-related incidents in their technical infrastructure and, where appropriate, security-related incidents that occur in the technical infrastructure of the third party providers. The BANQUE DE FRANCE may request further information about the incident and, if necessary, request that the participant take appropriate measures to prevent a recurrence of such an event.
3. The BANQUE DE FRANCE may impose additional security requirements on all participants and/or on participants that are considered critical by the BANQUE DE FRANCE.

## **SECTION VII**

### **THE INFORMATION AND CONTROL MODULE**

## **Article 29 – Use of the ICM**

1. The ICM:
  - (a) allows participants to access information relating to their accounts and to manage liquidity;
  - (b) may be used to initiate liquidity transfer orders; and
  - (c) allows participants to initiate backup liquidity redistribution and backup contingency payments in the event of a failure of the participant's access to the SSP.
2. Further technical details relating to the ICM are contained in Appendix I.

## **SECTION VIII**

### **COMPENSATION, LIABILITY REGIME AND EVIDENCE**

## **Article 30 – Compensation scheme**

If a payment order cannot be settled on the same business day on which it was accepted due to a technical malfunction of TARGET2, the BANQUE DE FRANCE shall offer to compensate the direct participants concerned in accordance with the special procedure laid down in Appendix II.

T2-BF Agreement – Access by the TARGET2 network service provider

## **Article 31 – Liability regime**

1. In performing their obligations pursuant to this agreement, the BANQUE DE FRANCE and the participants shall be bound by a general duty of reasonable care in relation to each other.

2. The BANQUE DE FRANCE shall be liable to its participants in cases of fraud (including but not limited to wilful misconduct) or gross negligence, for any loss arising out of the operation of TARGET2-BANQUE DE FRANCE. In cases of ordinary negligence, the BANQUE DE FRANCE's liability shall be limited to the participant's direct loss, i.e. the amount of the transaction in question and/or the loss of interest thereon, excluding any consequential loss.

3. The BANQUE DE FRANCE is not liable for any loss that results from any malfunction or failure in the technical infrastructure (including but not limited to the BANQUE DE FRANCE's computer infrastructure, programmes, data, applications or networks), if such malfunction or failure arises in spite of the BANQUE DE FRANCE having adopted those measures that are reasonably necessary to protect such infrastructure against malfunction or failure, and to resolve the consequences of such malfunction or failure (the latter including but not limited to initiating and completing the business continuity and contingency procedures referred to in Appendix IV).

4. The BANQUE DE FRANCE shall not be liable:

(a) to the extent that the loss is caused by the participant; or

(b) if the loss arises out of external events beyond the BANQUE DE FRANCE's reasonable control (*force majeure*).

5. Notwithstanding articles L-133-12 to L-133-14 and articles L-133-21 and 133-22 of the Monetary and Financial Code (Code monétaire et financier), paragraphs 1 to 4 shall apply to the extent that the BANQUE DE FRANCE's liability can be excluded.

6. The BANQUE DE FRANCE and the participants shall take all reasonable and practicable steps to mitigate any damage or loss referred to in this Article.

7. In performing some or all of its obligations under the T2-BF Agreement, the BANQUE DE FRANCE may commission third parties in its own name, particularly telecommunications or other network providers or other entities, if this is necessary to meet the BANQUE DE FRANCE's obligations or is standard market practice. The BANQUE DE FRANCE's obligation shall be limited to the due selection and commissioning of any such third parties and the BANQUE DE FRANCE's liability shall be limited accordingly. For the purposes of this paragraph, the SSP-providing NCBs shall not be considered as third parties.

## **Article 32 – Evidence**

1. Unless otherwise provided in the present Agreement, all payment and payment processing-related messages in relation to TARGET2, such as confirmations of debits or credits, or

statement messages, between the BANQUE DE FRANCE and participants shall be made through the TARGET2 network service provider.

2. Electronic or written records of the messages retained by the BANQUE DE FRANCE or by the TARGET2 network service provider shall be accepted as a means of evidence of the payments processed through the BANQUE DE FRANCE. The saved or printed version of the original message of the TARGET2 network service provider shall be accepted as a means of evidence, regardless of the form of the original message.
3. If a participant's connection to the TARGET2 network service provider fails, the participant shall use the alternative means of transmission of messages laid down in Appendix IV. In such cases, the saved or printed version of the message produced by the BANQUE DE FRANCE shall have the same evidential value as the original message, regardless of its form.
4. The BANQUE DE FRANCE shall keep complete records of payment orders submitted and payments received by participants in accordance with the legal provisions from the time at which such payment orders are submitted and payments are received, provided that such complete records shall cover a minimum of five years for any participant in TARGET2 that is subject to continuous vigilance pursuant to restrictive measures adopted by the Council of the European Union or Member States, or more if required by specific regulations.
5. The BANQUE DE FRANCE's own books and records (whether kept on paper, microfilm, microfiche, by electronic or magnetic recording, in any other mechanically reproducible form or otherwise) shall be accepted as a means of evidence of any obligations of the participants and of any facts and events that the parties rely on.

## **SECTION IX**

### **TERMINATION OF PARTICIPATION AND CLOSURE OF ACCOUNTS**

#### **Article 33 – Duration and ordinary termination of participation**

1. Without prejudice to Article 34, participation in TARGET2-BANQUE DE FRANCE is for an indefinite period of time.
2. A participant may terminate its participation in TARGET2-BANQUE DE FRANCE at any time giving 14 business days' notice thereof, unless it agrees a shorter notice period with the BANQUE DE FRANCE.
3. The BANQUE DE FRANCE may terminate a participant's participation in TARGET2-BANQUE DE FRANCE at any time giving three months' notice thereof, unless it agrees a different notice period with that participant.

4. On termination of participation, the confidentiality duties laid down in Article 38 remain in force for a period of five years starting on the date of termination.
5. On termination of participation, the PM accounts of the participant concerned shall be closed in accordance with Article 35.

#### **Article 34 – Suspension and extraordinary termination of participation**

1. A PM account holder's participation in TARGET2-BANQUE DE FRANCE shall be immediately terminated without prior notice or suspended if one of the following events of default occurs:
  - (a) the opening of insolvency proceedings; and/or
  - (b) the PM account holder no longer meets the access criteria laid down in Article 4.

For the purposes of this paragraph, the taking of resolution action within the meaning of Directive 2014/59/EU of the European Parliament and of the Council<sup>6</sup> against a PM account holder shall not automatically qualify as the opening of insolvency proceedings.

2. The BANQUE DE FRANCE may terminate without prior notice or suspend the PM account holder's participation in TARGET2-BANQUE DE FRANCE if:
  - (a) one or more events of default (other than those referred to in paragraph 1) occur;
  - (b) the PM account holder is in material breach of this agreement;
  - (c) the PM account holder fails to carry out any material obligation to the BANQUE DE FRANCE;
  - (d) the PM account holder is excluded from, or otherwise ceases to be a member of, a TARGET2 CUG;
  - (e) any other PM account holder-related event occurs which, in the BANQUE DE FRANCE's assessment, would threaten the overall stability, soundness and safety of TARGET2-BANQUE DE FRANCE or of any other TARGET2 component system, or which would jeopardise the BANQUE DE FRANCE's performance of its tasks as described in Articles L-141 et seq. of the Monetary and Financial Code (Code monétaire et financier) and in the Statute of the European System of Central Banks and of the European Central Bank, or poses risks on the grounds of prudence; and/or
  - (f) an NCB suspends or terminates the PM account holder's access to intraday credit pursuant to paragraph 12 of Annex III of Guideline (EU) 2013/47 of the ECB of 5 December 2012 on a Trans-European Automated Real-time Gross settlement Express Transfer system (TARGET2), as amended.

---

<sup>6</sup> Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council (OJ L 173, 12.6.2014, p. 190).

3. In exercising its discretion under paragraph 2, the BANQUE DE FRANCE shall take into account, inter alia, the seriousness of the event of default or events mentioned in subparagraphs (a) to (c).

4. (a) In the event that the BANQUE DE FRANCE suspends or terminates a PM account holder's participation in TARGET2-BANQUE DE FRANCE under paragraph 1 or 2, the BANQUE DE FRANCE shall immediately inform, by means of an ICM broadcast message or a T2S broadcast message, that PM account holder, other CBs and PM account holders and DCA holders in all of the TARGET2 component systems of such suspension or termination. Such message shall be deemed to have been issued by the home CB of the PM account holder and DCA holder that receives the message.

(b) Once such an ICM broadcast message has been received by the PM account holders, the latter shall be deemed informed of the termination/suspension of a PM account holder's participation in TARGET2-BANQUE DE FRANCE or another TARGET2 component system. The PM account holders shall bear any losses arising from the submission of a payment order to PM account holders whose participation has been suspended or terminated if such payment order was entered into TARGET2-BANQUE DE FRANCE after receipt of the ICM broadcast message.

5. The BANQUE DE FRANCE can decide, without notice, to suspend, limit or terminate a PM account holder's access to intraday credit if this PM account holder is deemed to pose risks on the grounds of prudence. In any such case, the BANQUE DE FRANCE immediately notifies in writing the ECB, the other participating NCBs and connected CBs. If required, the Governing Council decides upon the consistent implementation of measures taken within the framework of all the systems composing TARGET2.

6. If the Eurosystem decides to suspend, limit or terminate access of any counterparty to monetary policy instruments on the grounds of prudence, or in case of default, the BANQUE DE FRANCE immediately and without notice implements this decision with regards to intraday credit.

7. Upon termination of a PM account holder's participation, TARGET2-BANQUE DE FRANCE shall not accept any new payment orders from such PM account holder. Payment orders in the queue, warehoused payment orders or new payment orders in favour of such PM account holder shall be returned.

8. If a PM account holder is suspended from TARGET2-BANQUE DE FRANCE, all its incoming payments and outgoing payment orders shall be stored and only entered into the entry disposition after they have been explicitly accepted by the suspended PM account holder's CB.

### **Article 35 – Closure of PM accounts**

1. PM account holders may close their PM accounts at any time provided they give the BANQUE DE FRANCE 14 business days' notice thereof.

2. On termination of participation, pursuant to either Article 33 or 34, the BANQUE DE FRANCE shall close the PM accounts of the holder concerned, after having:

- (a) settled or returned any queued payment orders; and
- (b) made use of its rights of pledge and set-off under Article 36.

## **SECTION X**

### **FINAL PROVISIONS**

#### **Article 36 – The BANQUE DE FRANCE’s rights of pledge and set-off**

1. A participant’s current and future claims towards the BANQUE DE FRANCE arising from a credit balance on the PM account shall be transferred to the BANQUE DE FRANCE as collateral, for any or future claim of the BANQUE DE FRANCE towards the participant. Such collateral shall be established by the mere fact that the funds have been credited to the participant’s PM account.

2. On the occurrence of:

- (a) an event of default, referred to in Article 34(1); or
- (b) any other event of default or event referred to in Article 34(2) that has led to the termination or suspension of the participant’s participation to TARGET2-BANQUE DE FRANCE, notwithstanding the commencement of any insolvency proceedings towards a participant and notwithstanding any assignment, judicial or other attachment or other disposition of or in respect of the participant’s rights, all obligations of the participant shall be automatically and immediately accelerated, without prior notice and without the need for any prior approval of any authority, so as to be immediately due. In addition, the mutual obligations of the participant and the BANQUE DE FRANCE shall automatically be set off against each other, and the party owing the higher amount shall pay to the other the difference.

3. The BANQUE DE FRANCE shall promptly give the participant notice of any set-off pursuant to paragraph 4 after such set-off has taken place.

4. The BANQUE DE FRANCE may without prior notice debit any participant’s PM account by any amount which the participant owes the BANQUE DE FRANCE resulting from the legal relationship between the participant and the BANQUE DE FRANCE.

#### **Article 37 – Security rights in relation to funds on sub-accounts**

1. The BANQUE DE FRANCE shall have a pledge in the meaning of articles L.211-38 II of the Monetary and Financial Code (Code monétaire et financier) over the balance on a participant’s sub-account opened for the settlement of ancillary system-related payment instructions under the arrangements between the relevant ancillary system and its CB. Such balance shall collateralise

the participant's obligation referred to in paragraph 7 towards the BANQUE DE FRANCE in relation to such settlement.

2. The BANQUE DE FRANCE shall freeze the balance on the sub-account of the participant upon communication by the ancillary system (via a 'start-of-cycle' message). Where applicable, the BANQUE DE FRANCE shall thereafter increase or reduce the frozen balance by crediting or debiting cross-system settlement payments to or from the sub-account or crediting liquidity transfers to the sub-account. Such freezing shall expire upon communication by the ancillary system (via an 'end-of-cycle' message).

3. By confirming the freezing of the balance on the participant's sub-account, the BANQUE DE FRANCE guarantees to the ancillary system payment up to the amount of this particular balance. By confirming, where applicable, the increase or reduction of the frozen balance upon crediting or debiting cross-system settlement payments to or from the sub-account or crediting liquidity transfers to the sub-account, the guarantee is automatically increased or reduced in the amount of the payment. Without prejudice to the abovementioned increase or reduction of the guarantee, the guarantee shall be irrevocable, unconditional and payable on first demand. If the BANQUE DE FRANCE is not the ancillary system's CB, the BANQUE DE FRANCE shall be deemed instructed to issue the abovementioned guarantee to the ancillary system's CB.

4. In the absence of any insolvency proceedings in relation to the participant, the ancillary system-related payment instructions for the squaring of the participant's settlement obligation shall be settled without drawing on the guarantee and without recourse to the security right over the balance on the participant's sub-account.

5. In the event of the participant's insolvency, the ancillary system-related payment instruction for the squaring of the participant's settlement obligation shall be a first demand for payment under the guarantee; the debiting of the instructed amount from the participant's sub-account (and crediting of the ancillary system's technical account) shall therefore equally involve the discharge of the guarantee obligation by the BANQUE DE FRANCE and a realisation of its collateral right over the balance on the participant's sub-account.

6. The guarantee shall expire upon communication by the ancillary system that the settlement has been completed (via an 'end-of-cycle' message).

7. The participant shall be obliged to reimburse to the BANQUE DE FRANCE any payment made by the latter under such guarantee.

### **Article 38 – Confidentiality**

1. The BANQUE DE FRANCE shall keep confidential all sensitive or secret information, including when such information relates to payment, technical or organisational information belonging to the participant, participants from the same group or the participant's customers, unless the participant or its customer has given its written consent to disclose or such disclosure is permitted or required under French law.

2. By derogation from paragraph 1, the participant agrees that the BANQUE DE FRANCE may disclose payment, technical or organisational information regarding the participant, participants from the same group or the participant's customers obtained in the course of the operation of TARGET2-BANQUE DE FRANCE to other CBs or third parties that are involved in the operation of TARGET2-BANQUE DE FRANCE, to the extent that this is necessary for the efficient functioning of TARGET2 or the monitoring of the participant's or its group's exposure, or to supervisory and oversight authorities of Member States and the Union to the extent that this is necessary for the performance of their public tasks, and provided in all such cases that the disclosure is not in conflict with the applicable law. The BANQUE DE FRANCE shall not be liable for the financial and commercial consequences of such disclosure.

3. By derogation from paragraph 1 and provided this does not make it possible, whether directly or indirectly, to identify the participant or the participant's customers, the BANQUE DE FRANCE may use, disclose or publish payment information regarding the participant or the participant's customers for statistical, historical, scientific or other purposes in the exercise of its public functions or of functions of other public entities to whom the information is disclosed.

4. Information relating to the operation of TARGET2-BANQUE DE FRANCE to which participants have had access, may only be used for the purposes laid down under the present agreement. Participants shall keep such information confidential, unless the BANQUE DE FRANCE has explicitly given its written consent to disclose. Participants shall ensure that any third parties to whom they outsource, delegate or subcontract tasks which have or may have an impact on the performance of their obligations under the T2-BF Agreement are bound by the confidentiality requirements in this Article.

5. The BANQUE DE FRANCE shall be authorised, in order to settle payment orders, to process and transfer the necessary data to the TARGET2 network service provider.

### **Article 39 – Data protection, prevention of money laundering, administrative or restrictive measures and related issues**

1. Participants shall be deemed to be aware of, and shall comply with, all obligations on them relating to legislation on data protection, prevention of money laundering and the financing of terrorism, proliferation-sensitive nuclear activities and the development of nuclear weapons delivery systems, in particular in terms of implementing appropriate measures concerning any payments debited or credited on their PM accounts. Participants shall also acquaint themselves with the TARGET2 network service provider's data retrieval policy prior to entering into the contractual relationship with the TARGET2 network service provider.

2. Participants shall be deemed to have authorised the BANQUE DE FRANCE to obtain any information relating to them from any financial or supervisory authority or trade body, whether national or foreign, if such information is necessary for the participant's participation in TARGET2-BANQUE DE FRANCE.

3. Participants, when acting as the payment service provider of a payer or payee, shall comply with all requirements resulting from administrative or restrictive measures imposed pursuant to Article 75 or 215 of the Treaty to which they are subject, including with respect to notification and/or the obtaining of consent from a competent authority in relation to the processing of transactions. In addition:

(a) when the BANQUE DE FRANCE is the payment service provider of a participant that is a payer:

(i) the participant shall make the required notification or obtain consent on behalf of the central bank that is primarily required to make notification or obtain consent, and shall provide the BANQUE DE FRANCE with evidence of having made a notification or having received consent;

(ii) the participant shall not enter any credit transfer order into TARGET2 until it has obtained confirmation from the BANQUE DE FRANCE that the required notification has been made or the consent has been obtained by or on behalf of the payment service provider of the payee;

(b) when the BANQUE DE FRANCE is a payment service provider of a participant that is a payee, the participant shall make the required notification or obtain consent on behalf of the central bank that is primarily required to make notification or obtain consent, and shall provide the BANQUE DE FRANCE with evidence of having made a notification or having received consent.

For the purposes of this paragraph, the terms ‘payment service provider’, ‘payer’ and ‘payee’ shall have the meanings ascribed to them in the applicable administrative or restrictive measures.

#### **Article 40 – Notices**

1. Except where otherwise provided for in the T2-BF Agreement, all notices required or permitted pursuant to the T2-BF Agreement shall be sent by registered post, facsimile or otherwise in writing or by an authenticated message through the TARGET2 network service provider. Notices to the BANQUE DE FRANCE shall be submitted to the head of the SERI at the BANQUE DE FRANCE, at the address indicated on the ICM by the BANQUE DE FRANCE. Notices to the participant shall be sent to it at the address, fax number or its BIC address as the participant may from time to time notify to the BANQUE DE FRANCE.

2. To prove that a notice has been sent, it shall be sufficient to prove that the notice was delivered to the relevant address or that the envelope containing such notice was properly addressed and posted.

3. All notices shall be given in French and, if required, in English. The French notices are the only legally valid notices.

4. Participants shall be bound by all forms and documents of the BANQUE DE FRANCE that the participants have filled in and/or signed, including but not limited to static data collection forms, as referred to in Article 8(2)(a), and information provided under Article 11(5), which were submitted in compliance with paragraphs 1 and 2 and which the BANQUE DE FRANCE reasonably believes to have received from the participants, their employees or agents.

The provisions of this article are complemented by Appendix X on the signatures and accreditations.

#### **Article 41 – Contractual relationship with TARGET2 network service provider**

1. For the purposes of the T2-BF Agreement, the TARGET2 network service provider is SWIFT. Each participant shall enter into a separate agreement with SWIFT regarding the services to be provided by SWIFT in relation to the participant's use of TARGET2-BANQUE DE FRANCE. The legal relationship between a participant and SWIFT shall be exclusively governed by SWIFT's terms and conditions.

2. Each participant shall also participate in a TARGET2 CUG, as specified by the SSP-providing NCBs acting as the SWIFT service administrator for the SSP. Admission and exclusion of a participant to or from a TARGET2 CUG shall take effect once communicated to SWIFT by the SWIFT service administrator.

3. Participants shall comply with the TARGET2 SWIFT Service Profile, as made available by the BANQUE DE FRANCE.

4. The services to be provided by SWIFT shall not form part of the services to be performed by the BANQUE DE FRANCE in respect of TARGET2.

5. The BANQUE DE FRANCE shall not be liable for any acts, errors or omissions of SWIFT (including its directors, staff and subcontractors) as provider of SWIFT services, or for any acts, errors or omissions of network providers selected by participants to gain access to the SWIFT network.

#### **Article 42 – Amendment procedure**

The BANQUE DE FRANCE may at any time unilaterally amend the T2-BF Agreement, including its Appendices. Amendments to the T2-BF Agreement, including its Appendices, shall be announced by means of circulars. Amendments shall be deemed to have been accepted unless the participant expressly objects within 14 days of being informed of such amendments. In the event that a participant objects to the amendment, the BANQUE DE FRANCE is entitled immediately to terminate that participant's participation in TARGET2- BANQUE DE FRANCE and close any of its PM accounts.

#### **Article 43 – Third party rights**

1. Any rights, interests, obligations, responsibilities and claims arising from or relating to the T2-BF Agreement shall not be transferred, pledged or assigned by participants to any third party without the BANQUE DE FRANCE's written consent.

2. The T2-BF Agreement does not create any rights in favour of or obligations in relation to any entity other than the BANQUE DE FRANCE and participants in TARGET2-BANQUE DE FRANCE.

#### **Article 44 – Governing law, jurisdiction and place of performance**

1. The bilateral relationship between the BANQUE DE FRANCE and participants in TARGET2-BANQUE DE FRANCE shall be governed by French law.

2. Without prejudice to the competence of the Court of Justice of the European Union, any dispute arising from a matter relating to the relationship referred to in paragraph 1 falls under the exclusive competence of the competent courts of the Tribunal de commerce de Paris.

3. The place of performance concerning the legal relationship between the BANQUE DE FRANCE and the participants shall be France.

#### **Article 45 - Severability**

If any provision in the T2-BF Agreement is or becomes invalid, this shall not prejudice the applicability of all the other provisions of the T2-BF Agreement.

#### **Article 46 – Entry into force and binding nature**

1. The T2-BF Agreement becomes effective from the date of the signature by both parties.

2. By requesting a PM Account in TARGET2-BANQUE DE FRANCE, applicant participants automatically agree to the T2-BF Agreement between themselves and in relation to the BANQUE DE FRANCE.

## **TECHNICAL SPECIFICATIONS FOR THE PROCESSING OF PAYMENT ORDERS**

In addition to the Harmonised Conditions, the following rules shall apply to the processing of payment orders:

### **1. Technical requirements for participation in TARGET2-BANQUE DE FRANCE regarding infrastructure, network and formats**

(1) TARGET2 uses SWIFT services for the exchange of messages. Each participant therefore needs a connection to SWIFT's Secure IP Network. Each participant's PM account shall be identified by an eight- or 11-digit SWIFT BIC. Furthermore, each participant shall pass a series of tests to prove its technical and operational competence before it may participate in TARGET2-BANQUE DE FRANCE.

(2) For the submission of payment orders and the exchange of payment messages in the PM the SWIFTNet FIN Y-copy service shall be used. A dedicated SWIFT Closed User Group (CUG) shall be set up for this purpose. Payment orders within such TARGET2 CUG shall be directly addressed to the receiving TARGET2 participant by entering its BIC in the header of the SWIFTNet FIN message.

(3) For the information and control services the following SWIFT Net services may be used:

- (a) SWIFT Net InterAct;
- (b) SWIFT Net FileAct; and/or
- (c) SWIFT Net Browse.

(4) The security of the message exchange between participants shall rely exclusively on SWIFT's Public Key Infrastructure (PKI) service. Information on the PKI service is available in the documentation provided by SWIFT.

(5) The 'bilateral relationship management' service provided by SWIFT's Relationship Management Application (RMA) shall only be used with the central destination BIC of the SSP and not for payment messages between TARGET2 participants.

## 2. Payment message types

(1) The following SWIFT Net FIN/SWIFT system message types are processed:

Message Type	Type of use	Description
MT 103	Mandatory	Customer payment
MT 103+	Mandatory	Customer payment (Straight Through Processing)
MT 202	Mandatory	Bank-to-bank payment
MT 202COV	Mandatory	Cover payments
MT 204	Optional	Direct debit payment
MT 011	Optional	Delivery notification
MT 012	Optional	Sender notification
MT 019	Mandatory	Abort notification
MT 900	Optional	Confirmation of debit/Credit line change
MT 910	Optional	Confirmation of credit/Credit line change
MT 940/950	Optional	(Customer) statement message

MT 011, MT 012 and MT 019 are SWIFT system messages.

(2) When they register with TARGET2-BANQUE DE FRANCE, direct participants shall declare which optional message types they will use, with the exception of MT 011 and MT 012 messages in relation to which direct participants shall decide from time to time whether or not to receive them with reference to specific messages.

(3) Participants shall comply with the SWIFT message structure and field specifications, as defined in the SWIFT documentation and under the restrictions set out for TARGET2, as described in Chapter 9.1.2.2 of the User Detailed Functional Specifications (UDFS), Book 1.

(4) Field contents shall be validated at the level of TARGET2-BANQUE DE FRANCE in accordance with the UDFS requirements. Participants may agree among each other on specific

T2-BF Agreement – Access by the TARGET2 network service provider

rules regarding the field contents. However, in TARGET2-BANQUE DE FRANCE there shall be no specific checks as to whether participants comply with any such rules.

(5) MT 202COV messages shall be used for making cover payments, i.e. payments made by correspondent banks to settle (cover) credit transfer messages which are submitted to a customer's bank by other, more direct means. Customer details contained in MT 202COV shall not be displayed in the ICM.

### 3. Double-entry check

(1) All payment orders shall pass a double-entry check, the aim of which is to reject payment orders that have been submitted more than once by mistake.

(2) The following fields of the SWIFT message types shall be checked:

Details	Part of the SWIFT message	Field
Sender	Basic header	LT address
Message type	Application header	Message type
Receiver	Application header	Destination address
Transaction reference number (TRN)	Text block	: 20
Related reference	Text block	: 21
Value date	Text block	: 32
Amount	Text block	: 32

(3) If all the fields described in subparagraph 2 in relation to a newly submitted payment order are identical to those in relation to a payment order that has already been accepted, the newly submitted payment order shall be returned.

### 4. Error codes

If a payment order is rejected, the instructing participant shall receive an abort notification (MT 019) indicating the reason for the rejection by using error codes. The error codes are defined in Chapter 9.4.2 of the UDFS.

### 5. Predetermined settlement times

(1) For payment orders using the Earliest Debit Time Indicator, the codeword '/FROTIME/' shall be used.

(2) For payment orders using the Latest Debit Time Indicator, two options shall be available:

(a) Codeword ‘/REJTIME/’: if the payment order cannot be settled by the indicated debit time, the payment order shall be returned.

(b) Codeword ‘/TILTIME/’: if the payment order cannot be settled by the indicated debit time, the payment order shall not be returned but shall be kept in the relevant queue.

Under both options, if a payment order with a Latest Debit Time Indicator is not settled 15 minutes prior to the time indicated therein, a notification shall automatically be sent via the ICM.

(3) If the codeword ‘/CLSTIME/’ is used, the payment shall be treated in the same way as a payment order referred to in subparagraph 2(b).

## **6. Settlement of payment orders in the entry disposition**

(1) Offsetting checks and, if appropriate, extended offsetting checks (both terms as defined in paragraphs 2 and 3) shall be carried out on payment orders entered into the entry disposition to provide quick, liquidity-saving gross settlement of payment orders.

(2) An offsetting check shall determine whether the payee’s payment orders that are at the front of the highly urgent or, if inapplicable, the urgent queue are available to be offset against the payer’s payment order (hereinafter ‘offsetting payment orders’). If an offsetting payment order does not provide sufficient funds for the respective payer’s payment order in the entry disposition, it shall be determined whether there is sufficient available liquidity on the payer’s PM account.

(3) If the offsetting check fails, the BANQUE DE FRANCE may apply an extended offsetting check. An extended offsetting check determines whether offsetting payment orders are available in any of the payee’s queues regardless of when they joined the queue. However, if in the queue of the payee there are higher priority payment orders addressed to other TARGET2 participants, the FIFO principle may only be breached if settling such an offsetting payment order would result in a liquidity increase for the payee.

## **7. Settlement of payment orders in the queue**

(1) The treatment of payment orders placed in queues depends on the priority class to which it was designated by the instructing participant.

(2) Payment orders in the highly urgent and urgent queues shall be settled by using the offsetting checks described in paragraph 6, starting with the payment order at the front of the queue in cases where there is an increase in liquidity or there is an intervention at queue level (change of queue position, settlement time or priority, or revocation of the payment order).

(3) Payments orders in the normal queue shall be settled on a continuous basis including all highly urgent and urgent payment orders that have not yet been settled. Different optimisation

mechanisms (algorithms) are used. If an algorithm is successful, the included payment orders will be settled; if an algorithm fails, the included payment orders will remain in the queue. Three algorithms (1 to 3) shall be applied to offset payment flows. By means of Algorithm 4, settlement procedure 5 (as defined in Chapter 2.8.1 of the UDFS) shall be available for the settlement of payment instructions of ancillary systems. To optimise the settlement of highly urgent ancillary system transactions on participants' sub-accounts, a special algorithm (Algorithm 5) shall be used.

(a) Under Algorithm 1 ('all-or-nothing') the BANQUE DE FRANCE shall, both for each relationship in respect of which a bilateral limit has been set and also for the total sum of relationships for which a multilateral limit has been set:

- (i) calculate the overall liquidity position of each TARGET2 participant's PM account by establishing whether the aggregate of all outgoing and incoming payment orders pending in the queue is negative or positive and, if it is negative, check whether it exceeds that participant's available liquidity (the overall liquidity position shall constitute the 'total liquidity position'); and
- (ii) check whether limits and reservations set by each TARGET2 participant in relation to each relevant PM account are respected.

If the outcome of these calculations and checks is positive for each relevant PM account, the BANQUE DE FRANCE and other CBs involved shall settle all payments simultaneously on the PM accounts of the TARGET2 participants concerned.

(b) Under Algorithm 2 ('partial') the BANQUE DE FRANCE shall:

- (i) calculate and check the liquidity positions, limits and reservations of each relevant PM account as under Algorithm 1; and
- (ii) if the total liquidity position of one or more relevant PM accounts is negative, extract single payment orders until the total liquidity position of each relevant PM account is positive.

Thereafter, the BANQUE DE FRANCE and the other CBs involved shall, provided there are sufficient funds, settle all remaining payments (except the extracted payment orders) simultaneously on the PM accounts of the TARGET2 participants concerned.

When extracting payment orders, the BANQUE DE FRANCE shall start from the TARGET2 participant's PM account with the highest negative total liquidity position and from the payment order at the end of the queue with the lowest priority. The selection process shall only run for a short time, to be determined by the BANQUE DE FRANCE at its discretion.

(c) Under Algorithm 3 ('multiple') the BANQUE DE FRANCE shall:

(i) compare pairs of TARGET2 participants' PM accounts to determine whether queued payment orders can be settled within the available liquidity of the two TARGET2 participants' PM accounts concerned and within the limits set by them (by starting from the pair of PM accounts with the smallest difference between the payment orders addressed to each other), and the CBs involved shall book those payments simultaneously on the two TARGET2 participants' PM accounts; and

(ii) if, in relation to a pair of PM accounts as described under point (i), liquidity is insufficient to fund the bilateral position, extract single payment orders until there is sufficient liquidity. In this case the CBs involved shall settle the remaining payments, except the extracted ones, simultaneously on the two TARGET2 participants' PM accounts.

After performing the checks specified under subparagraphs (i) to (ii), the BANQUE DE FRANCE shall check the multilateral settlement positions (between a participant's PM account and other TARGET2 participants' PM accounts in relation to which a multi-lateral limit has been set). For this purpose, the procedure described under subparagraphs (i) to (ii) shall apply *mutatis mutandis*.

(d) Under Algorithm 4 ('partial plus ancillary system settlement') the BANQUE DE FRANCE shall follow the same procedure as for Algorithm 2, but without extracting payment orders in relation to the settlement of an ancillary system (which settles on a simultaneous multilateral basis).

(e) Under Algorithm 5 ('ancillary system settlement via sub-accounts') the BANQUE DE FRANCE shall follow the same procedure as for Algorithm 1, subject to the modification that the BANQUE DE FRANCE shall start Algorithm 5 via the ASI and shall only check whether sufficient funds are available on participants' sub-accounts. Moreover, no limits and reservations shall be taken into account. Algorithm 5 shall also run during night-time settlement.

(4) Payment orders entered into the entry disposition after the start of any of Algorithms 1 to 4 may nevertheless be settled immediately in the entry disposition if the positions and limits of the TARGET2 participants' PM accounts concerned are compatible with both the settlement of these payment orders and the settlement of payment orders in the current optimisation procedure. However, two algorithms shall not run simultaneously.

(5) During daytime processing the algorithms shall run sequentially. As long as there is no pending simultaneous multilateral settlement of an ancillary system, the sequence shall be as follows:

(a) Algorithm 1;

(b) if Algorithm 1 fails, then Algorithm 2;

(c) if Algorithm 2 fails, then Algorithm 3, or if Algorithm 2 succeeds, repeat Algorithm 1.

When simultaneous multilateral settlement ('procedure 5') in relation to an ancillary system is pending, Algorithm 4 shall run.

T2-BF Agreement – Access by the TARGET2 network service provider

(6) The algorithms shall run flexibly by setting a pre-defined time lag between the application of different algorithms to ensure a minimum interval between the running of two algorithms. The time sequence shall be automatically controlled. Manual intervention shall be possible.

(7) While included in a running algorithm, a payment order shall not be reordered (change of the position in a queue) or revoked. Requests for reordering or revocation of a payment order shall be queued until the algorithm is complete. If the payment order concerned is settled while the algorithm is running, any request to reorder or revoke shall be rejected. If the payment order is not settled, the participant's requests shall be taken into account immediately.

## **8. Use of the ICM**

(1) The ICM may be used for obtaining information and managing liquidity. SWIFT's Secure IP Network (SIPN) shall be the underlying technical communications network for exchanging information and running control measures.

(2) With the exception of warehoused payment orders and static data information, only data in relation to the current business day shall be available via the ICM. The screens shall be offered in English only.

(3) Information shall be provided in 'pull' mode, which means that each participant has to ask to be provided with information.

(4) The following modes shall be available for using the ICM:

(a) Application-to-application mode (A2A)

In A2A, information and messages are transferred between the PM and the participant's internal application. The participant therefore has to ensure that an appropriate application is available for the exchange of XML messages (requests and responses) with the ICM via a standardised interface. Further details are contained in the ICM User Handbook and in Book 4 of the UDFS.

(b) User-to-application mode (U2A)

U2A permits direct communication between a participant and the ICM. The information is displayed in a browser running on a PC system (SWIFT Alliance WebStation or another interface, as may be required by SWIFT). For U2A access the IT infrastructure has to be able to support cookies and JavaScript. Further details are described in the ICM User Handbook.

(5) Each participant shall have at least one SWIFT Alliance WebStation, or another interface, as may be required by SWIFT, to have access to the ICM via U2A.

(6) Access rights to the ICM shall be granted by using SWIFT's 'Role Based Access Control'. The SWIFT 'Non- repudiation of emission' (NRE) service, which may be used by participants, allows the recipient of an XML message to prove that such message has not been altered.

(7) If a participant has technical problems and is unable to submit any payment order, it may generate preformatted backup liquidity redistribution and backup contingency payments by using the ICM. The BANQUE DE FRANCE shall open such functionality upon request of the participant.

(8) Participants may also use the ICM to transfer liquidity:

- (a) from their PM account to their account outside the PM (their HAM account;
- (b) between the PM account and the participant's sub-accounts; and
- (c) from the PM account to the mirror account managed by the ancillary system.
- (d) by means of a PM to DCA liquidity transfer order.

## **9. The UDFS and the ICM User Handbook**

Further details and examples explaining the above rules are contained in the UDFS and the ICM User Handbook, as amended from time to time and published on the BANQUE DE FRANCE's website and the ECB's website in English.

## TARGET2 COMPENSATION SCHEME

### 1. General principles

- (a) If there is a technical malfunction of TARGET2, direct participants may submit claims for compensation in accordance with the TARGET2 compensation scheme laid down in this Appendix.
- (b) Unless otherwise decided by the ECB's Governing Council, the TARGET2 compensation scheme shall not apply if the technical malfunction of TARGET2 arises out of external events beyond the reasonable control of the CBs concerned or as a result of acts or omissions by third parties.
- (c) Compensation under the TARGET2 compensation scheme shall be the only compensation procedure offered in the event of a technical malfunction of TARGET2. Participants may, however, use other legal means to claim for losses. If a participant accepts a compensation offer under the TARGET2 compensation scheme, this shall constitute the participant's irrevocable agreement that it thereby waives all claims in relation to the payment orders concerning which it accepts compensation (including any claims for consequential loss) it may have against any CB, and that the receipt by it of the corresponding compensation payment constitutes full and final settlement of all such claims. The participant shall indemnify the CBs concerned, up to a maximum of the amount received under the TARGET2 compensation scheme, in respect of any further claims which are raised by any other participant or any other third party in relation to the payment order or payment concerned.
- (d) The making of a compensation offer shall not constitute an admission of liability by the BANQUE DE FRANCE or any other CB in respect of a technical malfunction of TARGET2.

### 2. Conditions for compensation offers

- (a) A payer may submit a claim for an administration fee and interest compensation if, due to a technical malfunction of TARGET2, a payment order was not settled on the business day on which it was accepted.
- (b) A payee may submit a claim for an administration fee if due to a technical malfunction of TARGET2 it did not receive a payment that it was expecting to receive on a particular business day. The payee may also submit a claim for interest compensation if one or more of the following conditions are met:
  - (i) in the case of participants that have access to the marginal lending facility: due to a technical malfunction of TARGET2, a payee had recourse to the marginal lending facility; and/or

(ii) in the case of all participants: it was technically impossible to have recourse to the money market or such refinancing was impossible on other, objectively reasonable grounds.

### **3. Calculation of compensation**

(a) With respect to a compensation offer for a payer:

(i) the administration fee shall be EUR 50 for the first non-settled payment order, EUR 25 for each of the next four such payment orders and EUR 12,50 for each further such payment order. The administration fee shall be calculated separately in relation to each payee;

(ii) interest compensation shall be determined by applying a reference rate to be fixed from day to day. This reference rate shall be the lower of the euro overnight index average (EONIA) rate and the marginal lending rate. The reference rate shall be applied to the amount of the payment order not settled as a result of the technical malfunction of TARGET2 for each day in the period from the date of the actual or, in relation to payment orders referred to in paragraph 2(b)(ii), intended submission of the payment order until the date on which the payment order was or could have been successfully settled. Any proceeds made by placing funds resulting from non-settled payment orders on deposit with the Eurosystem shall be deducted from the amount of any compensation; and

(iii) no interest compensation shall be payable if and in so far as funds resulting from non-settled payment orders were placed in the market or used to fulfil minimum reserve requirements.

(b) With respect to a compensation offer for a payee:

(i) the administration fee shall be EUR 50 for the first non-settled payment order, EUR 25 for each of the next four such payment orders and EUR 12,50 for each further such payment order. The administration fee shall be calculated separately in relation to each payer;

(ii) the method set out in subparagraph (a)(ii) for calculating interest compensation shall apply except that interest compensation shall be payable at a rate equal to the difference between the marginal lending rate and the reference rate, and shall be calculated on the amount of any recourse to the marginal lending facility occurring as a result of the technical malfunction of TARGET2.

#### 4. Procedural rules

(a) A claim for compensation shall be submitted on the claim form available on the website of the BANQUE DE FRANCE in English. Payers shall submit a separate claim form in respect of each payee and payees shall submit a separate claim form in respect of each payer. Sufficient additional information and documents shall be provided to support the information indicated in the claim form. Only one claim may be submitted in relation to a specific payment or payment order.

(b) Within four weeks of a technical malfunction of TARGET2, participants shall submit their claim forms to the BANQUE DE FRANCE. Any additional information and evidence requested by the BANQUE DE FRANCE shall be supplied within two weeks of such request being made.

(c) The BANQUE DE FRANCE shall review the claims and forward them to the ECB. Unless otherwise decided by the ECB's Governing Council and communicated to the participants, all received claims shall be assessed no later than 14 weeks after the technical malfunction of TARGET2 occurs.

(d) The BANQUE DE FRANCE shall communicate the result of the assessment referred to in subparagraph (c) to the relevant participants. If the assessment entails a compensation offer, the participants concerned shall, within four weeks of the communication of such offer, either accept or reject it, in respect of each payment or payment order comprised within each claim, by signing a standard letter of acceptance (in the form available on the website of the BANQUE DE FRANCE). If such letter has not been received by the BANQUE DE FRANCE within four weeks, the participants concerned shall be deemed to have rejected the compensation offer.

(e) The BANQUE DE FRANCE shall make compensation payments on receipt of a participant's letter of acceptance of compensation. No interest shall be payable on any compensation payment.

The only types of insolvency proceedings (including composition or rehabilitation) which, for the purpose of this Opinion, shall include all proceedings in respect of the Participant's assets or any branch it may have in [jurisdiction] to which the Participant may become subject in [jurisdiction], are the following: [list proceedings in original language and English translation] (together collectively referred to as 'Insolvency Proceedings').

In addition to Insolvency Proceedings, the Participant, any of its assets, or any branch it may have in [jurisdiction] may become subject in [jurisdiction] to [list any applicable moratorium, receivership, or any other proceedings as a result of which payments to and/or from the Participant may be suspended, or limitations can be imposed in relation to such payments, or similar proceedings in original language and English translation] (hereinafter collectively referred to as 'Proceedings').

In particular, we are of the opinion that:

#### 3.3.a. *Processing of payment orders*

The provisions on processing of payment orders [list of sections] of the Rules are valid and enforceable. In particular, all payment orders processed pursuant to such sections will be valid, binding and will be enforceable under the laws of [jurisdiction]. The provision of the Rules which specifies the precise point in time at which payment orders submitted by the Participant to the System become enforceable and irrevocable ([add section of the Rules]) is valid, binding and enforceable under the laws of [jurisdiction].

#### 3.3.b. *Authority of the BANQUE DE FRANCE to perform its functions*

The opening of Insolvency Proceedings or Proceedings in respect of the Participant will not affect the authority and powers of the BANQUE DE FRANCE arising out of the System Documents. [Specify [to the extent applicable] that: the same opinion is also applicable in respect of any other entity which provides the Participants with services directly and necessarily required for participation in the System, e.g. network service provider].

#### 3.3.c. *Remedies in the event of default*

Where applicable to the Participant, the provisions contained in [list of sections] of the Rules regarding accelerated performance of claims which have not yet matured, the set-off of claims for using the deposits of the Participant, the enforcement of a pledge, suspension and termination of participation, claims for default interest, and termination of agreements and transactions ([insert other relevant clauses of the Rules or the System Documents]) are valid and enforceable under the laws of [jurisdiction].

## **3.4. Voidable preferences**

We are of the opinion that no obligation arising out of the System Documents, the performance thereof, or compliance therewith prior to the opening of any Insolvency Proceedings or Proceedings in respect of the Participant may be set aside in any such proceedings as a preference, voidable transaction or otherwise under the laws of [jurisdiction].

In particular, and without limitation to the foregoing, we express this opinion in respect of any payment orders submitted by any participant in the System. In particular, we are of the opinion that the provisions of [list of sections] of the Rules establishing the enforceability and irrevocability of payment orders will be valid and enforceable and that a payment order submitted by any participant and processed pursuant to [list of sections] of the Rules may not be set aside in any Insolvency Proceedings or Proceedings as a preference, voidable transaction or otherwise under the laws of [jurisdiction].

In the event of Insolvency Proceedings or Proceedings in respect of the Participant, the rights or assets assigned for collateral purposes, or pledged by the Participant in favour of the BANQUE DE FRANCE or other participants in the System, will rank in priority of payment above the claims of all other creditors of the Participant and will not be subject to priority or preferential creditors.

### *3.6.c. Enforcing title to security*

Even in the event of Insolvency Proceedings or Proceedings in respect of the Participant, other participants in the System and the BANQUE DE FRANCE as [assignees, pledgees or repo purchasers as applicable] will still be free to enforce and collect the Participant's rights or assets through the action of the BANQUE DE FRANCE pursuant to the Rules.

### *3.6.d. Form and registration requirements*

There are no form requirements for the assignment for collateral purposes of, or the creation and enforcement of a pledge or repo over the Participant's rights or assets and it is not necessary for the [assignment for collateral purposes, pledge or repo, as applicable], or any particulars of such [assignment, pledge or repo, as applicable,] to be registered or filed with any court or governmental, judicial or public authority that is competent in [jurisdiction].

## **3.7. Branches [to the extent applicable]**

This Opinion is stated as of its date and is addressed solely to the BANQUE DE FRANCE and the [Participant]. No other persons may rely on this Opinion, and the contents of this Opinion may not be disclosed to persons other than its intended recipients and their legal counsel without our prior written consent, with the exception of the European Central Bank and the national central banks of the European System of Central Banks [and [the national central bank/relevant regulatory authorities] of [jurisdiction]].

## **BUSINESS CONTINUITY AND CONTINGENCY PROCEDURES**

### **1. General provisions**

(a) This Appendix sets out the arrangements between the BANQUE DE FRANCE and participants, or ancillary systems, if one or more components of the SSP or the telecommunications network fail or are affected by an abnormal external event, or if the failure affects any participant or ancillary system.

(b) All references to specific times in this Appendix are to the local time at the seat of the ECB, i.e. Central European Time (CET)<sup>7</sup>.

### **2. Measures of business continuity and contingency processing**

(a) In the event that an abnormal external event occurs and/or there is a failure of the SSP or the telecommunications network which affects the normal operation of TARGET2, the BANQUE DE FRANCE shall be entitled to adopt business continuity and contingency processing measures.

(b) The following main business continuity and contingency processing measures shall be available in TARGET2:

- (ii) changing the SSP's operating hours; and
- (iii) initiating contingency processing of very critical and critical payments, as defined in paragraph 6(c) and (d) respectively.

(c) In relation to business continuity and contingency processing measures, the BANQUE DE FRANCE shall have full discretion regarding whether and which measures are adopted to settle payment orders.

### **3. Incident communication**

(a) Information about the failure of the SSP and/or an abnormal external event shall be communicated to participants through the domestic communication channels, the ICM and T2IS. In particular, communications to participants shall include the following information:

- (i) a description of the event;

(b) In addition, the BANQUE DE FRANCE may notify participants of any other existing or anticipated event which has the potential to affect the normal operation of TARGET2.

#### **4. Relocation of the operation of the SSP to an alternative site**

(a) In the event that any of the events referred to in paragraph 2(a) occurs, the operation of the SSP may be relocated to an alternative site, either within the same region or in another region.

(b) In the event that the operation of the SSP or the T2S platform is relocated from one region (Region 1) to another region (Region 2), the participants shall endeavour to reconcile their positions up to the point of the failure or the occurrence of the abnormal external event and provide to the BANQUE DE FRANCE all relevant information in this respect.

(c) Where a PM to DCA liquidity transfer order is debited on the participant's PM account on the SSP in Region 1, but, after reconciliation, is not shown as debited on the SSP in Region 2, the CB responsible for the participant shall debit the participant's PM account in Region 2 to return the participant's PM account balance to the level it had prior to the relocation.

#### **5. Change of operating hours**

(a) The daytime processing of TARGET2 may be extended or the opening time of a new business day may be delayed. During any extended operating time of TARGET2, payment orders shall be processed in accordance with the TARGET2-BANQUE DE FRANCE Agreement, subject to the modifications contained in this Appendix.

(b) Daytime processing may be extended and the closing time thereby delayed if an SSP failure has occurred during the day but has been resolved before 18.00. Such a closing time delay shall in normal circumstances not exceed two hours and shall be announced as early as possible to participants. If such a delay is announced before 16.50, the minimum period of one hour between the cut-off time for customer and interbank payment orders shall remain in place. Once such a delay is announced it may not be withdrawn.

(c) The closing time shall be delayed in cases where an SSP failure has occurred before 18.00 and has not been resolved by 18.00. The BANQUE DE FRANCE shall immediately communicate the delay of closing time to participants.

(d) Upon recovery of the SSP, the following steps shall take place:

- (i) the BANQUE DE FRANCE shall seek to settle all queued payments within one hour; this time is reduced to 30 minutes in the event that the SSP failure occurs at 17.30 or later (in cases where the SSP failure was on-going at 18.00);

(ii) participants' final balances shall be established within one hour; this time shall be reduced to 30 minutes in the event that the SSP failure occurs at 17.30 or later, in cases where the SSP failure was on-going at 18.00;

(iii) at the cut-off time for interbank payments, the end-of-day processing, including recourse to the Eurosystem standing facilities shall take place;

(e) ancillary systems that require liquidity in the early morning need to have established means to cope with cases where the daytime processing cannot be started in time due to an SSP failure on the previous day.

## 6. Contingency processing

(a) If it deems it necessary to do so, the BANQUE DE FRANCE shall initiate the contingency processing of payment orders in the Contingency Module of the SSP. In such cases, only a minimum service level shall be provided to participants. The BANQUE DE FRANCE shall inform its participants of the start of contingency processing by means of any available means of communication.

(b) In contingency processing, payment orders shall be processed manually by the BANQUE DE FRANCE.

(c) The following payments shall be considered as 'very critical' and the BANQUE DE FRANCE shall use best efforts to process them in contingency situations:

(i) CLS Bank International-related payments;

(ii) end-of-day settlement of EURO1;

(iii) central counterparty margin calls.

(d) The following types of payments shall be considered as 'critical' and the BANQUE DE FRANCE may decide to initiate contingency processing in relation to them:

(ii) additional payments, if required to avoid systemic risk.

(iii) les ordres de transfert de liquidité MP à DCA.

(e) Participants shall submit payment orders for contingency processing and information to payees shall be provided through communication means indicated in Appendix X. Information concerning account balances and debit and credit entries may be obtained via the BANQUE DE FRANCE.

(f) Payment orders that have already been submitted to TARGET2-BANQUE DE FRANCE, but are queued, may also undergo contingency processing. In such cases the BANQUE DE FRANCE shall endeavour to avoid the double processing of payment orders, but the participants shall bear the risk of such double processing if it occurred.

(g) For contingency processing of payment orders, participants shall provide additional collateral. During contingency processing, incoming contingency payments may be used to fund outgoing contingency payments. For the purposes of contingency processing, participants' available liquidity may not be taken into account by the BANQUE DE FRANCE.

## **7. Failures linked to participants or ancillary systems**

(a) In the event that a participant has a problem that prevents it from settling payments in TARGET2 it shall be its responsibility to resolve the problem. In particular, a participant may use in-house solutions or the ICM functionality, i.e. backup liquidity redistribution payments and backup contingency payments (CLS, EURO1, STEP2 pre-fund).

(b) If a participant decides to use the ICM functionality for making backup liquidity redistribution payments, the BANQUE DE FRANCE shall, if the participant so requests, open this functionality via the ICM. If the participant so requests, the BANQUE DE FRANCE shall transmit an ICM broadcast message to inform other participants about the participant's use of backup liquidity redistribution payments. The participant shall be responsible for sending such backup liquidity redistribution payments exclusively to other participants with which it has bilaterally agreed on the use of such payments and for any further steps in relation to such payments.

(c) If the measures referred to in subparagraph (a) are exhausted or if they are inefficient, the participant may request support from the BANQUE DE FRANCE.

(d) In the event that a failure affects an ancillary system, that ancillary system shall be responsible for resolving the failure. If the ancillary system so requests, the BANQUE DE FRANCE may act on its behalf. The BANQUE DE FRANCE shall have discretion to decide what support it gives to the ancillary system, including during the night-time operations of the ancillary system. The following contingency measures may be taken:

- (i) the ancillary system initiates clean payments, i.e. payments that are not linked to the underlying transaction, via the Participant Interface;
- (ii) the BANQUE DE FRANCE creates and/or processes XML instructions/files on behalf of the ancillary system; and/or
- (iii) the BANQUE DE FRANCE makes clean payments on behalf of the ancillary system.

(e) The detailed contingency measures with respect to ancillary systems shall be contained in the bilateral arrangements between the BANQUE DE FRANCE and the relevant ancillary system

## 8. Other provisions

(a) In the event that certain data are unavailable because one of the events referred to in paragraph 3(a) has occurred, the BANQUE DE FRANCE is entitled to start or continue processing payment orders and/or operate TARGET2-BANQUE DE FRANCE on the basis of the last available data, as determined by the BANQUE DE FRANCE. If so requested by the BANQUE DE FRANCE, participants and ancillary systems shall resubmit their FileAct/Interact messages or take any other action deemed appropriate by the BANQUE DE FRANCE.

(b) In the event of a failure of the BANQUE DE FRANCE, some or all of its technical functions in relation to TARGET2-BANQUE DE FRANCE may be performed by other Eurosystem CBs.

(c) The BANQUE DE FRANCE may require that the participants participate in regular or ad hoc testing of business continuity and contingency processing measures, training or any other preventive arrangements, as deemed necessary by the BANQUE DE FRANCE. Any costs incurred by the participants as a result of such testing or other arrangements shall be borne solely by the participants.

(AL group members and AL NCBs hereinafter collectively referred to as the ‘Parties’)

Whereas:

(1) TARGET2 is legally structured as a multiplicity of payment systems, each of which is designated as a system under the relevant national legislation implementing Directive 98/26/EC of the European Parliament and of the Council of 19 May 1998 on Settlement finality in payment and securities settlement systems<sup>9</sup>.

(2) Participants in one or more TARGET2 component systems may, under certain conditions laid down in the respective conditions for participation in TARGET2 component systems, set up an AL group, whereby the liquidity on the PM accounts of the AL group members is aggregated.

(3) Aggregation of liquidity enables the AL group members to settle payment orders for an amount exceeding the available liquidity on their respective PM accounts, provided that the total value of all such payment orders never exceeds the aggregate amount of the available liquidity on all such PM accounts. The resulting debit position on one or more of these PM accounts constitutes intraday credit, the provision of which is governed by the respective national arrangements, subject to the modifications described in this agreement; in particular, such debit position is collateralised with the available liquidity on the PM accounts of other AL group members.

(4) The effect of this mechanism is in no way to merge the various PM accounts, which, subject to the limitations described in this agreement, continue to be exclusively held by their respective holders.

---

<sup>9</sup> JO L 166 du 11.6.1998, p. 45

(5) Such a mechanism aims to avoid the fragmentation of liquidity in the different TARGET2 component systems and simplify the liquidity management within a group of credit institutions.

(6) This mechanism improves the overall efficiency of settlement of payments in TARGET2.

(7) [Participant], [participant] and [participant] are respectively connected to TARGET2-BANQUE DE FRANCE, [insert names of other concerned TARGET2 component systems], and are bound by the T2-BF Agreement they signed on the [insert relevant dates] and by [insert reference to the arrangements implementing the Harmonised Conditions] of [insert relevant dates],

Now, therefore, the Parties agree the following:

### **Article 1 - Effectiveness of this agreement**

This agreement and any amendment made hereto shall only be effective when the managing NCB, after having obtained any information or documents that it deems appropriate, confirms in writing that this agreement or amendments thereto comply with the requirements laid down in the respective conditions for participation in the TARGET2 component systems.

### **Article 2 - Mutual interest of AL group members and of AL NCBs**

1. The AL group members expressly declare and acknowledge that their entry into this agreement serves their mutual economic, social and financial interests since the payment orders of all AL group members may be settled in their respective TARGET2 component systems, up to an amount corresponding to the available liquidity on all the AL group members' PM accounts, thereby leveraging the liquidity available in other TARGET2 component systems.

2. The AL NCBs have a mutual interest in providing intraday credit to the AL group members, as this promotes the overall efficiency of settling payments in TARGET2. The intraday credit is collateralised in accordance with Article 18 of the Statute of the European System of Central Banks and of the European Central Bank since the debit balance resulting from the execution of a payment order is covered by the available liquidity on the PM accounts held by the other AL group members with their respective AL NCBs, which are collateralised for the discharge of the obligations owed by any of the AL group members to the AL NCBs.

### **Article 3 - AL group members' rights and obligations**

1. AL group members shall be jointly and severally liable towards all AL NCBs in relation to all claims resulting from the settlement in their respective TARGET2 component system of the T2-BF Agreement – Access by the TARGET2 network service provider

payment order of any AL group member. AL group members shall not be entitled to rely on any internal group arrangements on the division of liabilities to avoid any liability to the AL NCBs in relation to the aggregation of all abovementioned liabilities.

2. The total value of all payment orders settled by the AL group members on their PM accounts may never exceed the aggregate amount of all available liquidity on all such PM accounts.

3. AL group members shall be authorised to use the CAI mode, as described in the T2-BF Agreement.

4. The AL group members shall ensure that there is an internal agreement between them containing inter alia:

(a) the rules of internal organisation of the AL group;

(b) the conditions under which the AL group manager has a duty to report to the AL group members;

(c) the costs of the AL mode (including their allocation between AL group members); and

(d) the fees to be paid as remuneration between the AL group members for the services under the AL agreement and the rules for calculating the financial consideration.

With the exception of subparagraph (d), the AL group members may decide whether or not to disclose this internal agreement or parts of it to the AL NCBs. The AL group members shall disclose information referred to in subparagraph (d) to the AL NCBs.

#### **Article 4 - AL NCBs' rights and obligations**

1. When an AL group member submits a payment order to its respective TARGET2 component system for an amount exceeding the available liquidity on that AL group member's PM account, its respective AL NCB shall extend intraday credit that is collateralised with the available liquidity on other PM accounts held by the AL group member with its respective AL NCB or on the PM accounts held by the other AL group members with their respective AL NCBs. Such intraday credit shall be governed by the rules applicable to the provision of intraday credit by such AL NCB.

2. Payment orders submitted by any of the AL group members which have the effect of exceeding the available liquidity on all PM accounts of the AL group members shall be queued until sufficient liquidity is available.

3. Except on the opening of insolvency proceedings against one or more AL group members, an AL NCB may claim from each of the AL group members the full discharge of all obligations resulting from the settlement of payment orders of any AL group member in the latter's TARGET2 component system.

## Article 5 - Designation and role of the AL group manager

1. The AL group members hereby designate as AL group manager [indicate the participant designated as AL group manager], which shall be the contact point for all administrative matters relating to the AL group.

3. The AL group manager shall immediately convey to the managing NCB any information described in paragraph 2 relating to itself or to any other AL group member.

4. The AL group manager shall be responsible in respect of intraday monitoring of the liquidity available within the AL group.

5. The AL group manager shall have power of attorney over the PM accounts of the AL group members and, in particular, shall act as agent of the AL group members in respect of the following operations:

(a) any ICM operations in respect of the AL group members' PM accounts, including, but not limited to, any change in priority of a payment order, revocation, change of settlement time, liquidity transfers (including from and to sub-accounts), reordering of queued transactions, reservation of liquidity in respect of the AL group, and setting and changes of limits in respect of the AL group;

(b) all end-of-day liquidity transactions between the PM accounts of the AL group members ensuring that all balances of the AL group members' PM accounts are levelled out, so that none of these accounts have a debit balance at the end of the day or, where applicable, a debit balance not secured by eligible collateral (hereinafter such procedure is referred to as 'levelling out');

(c) general instructions according to which automatic levelling out shall be performed, i.e. defining the sequence of AL group members' PM accounts with available liquidity to be debited within the levelling out;

(d) in the absence of any explicit instructions by the AL group manager, as set out in subparagraphs (b) and (c), automatic levelling out shall be performed starting with the

PM account with the highest credit balance towards the PM account with the highest debit balance.

The same criteria as defined in subparagraphs (c) and (d) shall be used if an enforcement event, as defined in the T2-BF Agreement, occurs.

6. The AL group members explicitly waive any rights they may have against the AL group manager resulting from the combination of such manager's capacity as a PM account holder and AL group member with its capacity as AL group manager.

### **Article 6 - Role of the managing NCB**

1. The managing NCB shall be the contact point for all administrative matters relating to the AL group.

2. All of the AL NCBs shall immediately provide the managing NCB with any information relating to their respective AL group members which may affect the validity, enforceability and implementation of this agreement, including, but not limited to, any modification or ending of the links between the AL group members needed to comply with the definition of a group, the occurrence of any events of default within the meaning of the T2-BF Agreement or events which may affect the validity and/or enforceability of the guarantees taken under the T2-BF Agreement and other agreements governing the TARGET2 component systems.

3. The managing NCB shall have access to all relevant information in respect of all PM accounts of the AL group members, including, but not limited to, information in respect of any credit line, the balance, total turnover, settled payments, queued payments, as well as information on the AL group members' limits and liquidity reservations.

### **Article 7 - Duration and termination of this agreement**

The managing NCB shall confirm to that AL group member the date of its termination of participation in the AL agreement and shall communicate such date to all AL NCBs which shall inform their AL group members accordingly. If that AL group member was the AL group manager, the remaining AL group members shall immediately appoint a new AL group manager.

3. This agreement or the participation of any AL group member in this agreement, as the case may be, shall automatically be terminated without prior notice and with immediate effect if one or more of the following events occurs:

4. Notwithstanding the occurrence of any of the events described in paragraph 3, a payment order that has already been submitted by any AL group member into the relevant TARGET2 component system shall remain valid and enforceable against all AL group members and the AL NCBs. In addition, the guarantees taken under the Agreements governing the TARGET2 component systems shall remain valid after the termination of this agreement until all debit positions on the PM accounts whose liquidity was aggregated are fully discharged by the AL group members.

5. Without prejudice to paragraph 3, the managing NCB, in agreement with the relevant AL NCB, may at any time terminate without prior notice and with immediate effect the participation of any AL group member in this agreement if such AL group member is in breach of any of the provisions hereof. Such decision shall be addressed in writing to all the AL group members setting out the reasons for the decision. If participation is terminated in this way, the AL group members whose participation in this agreement has not been terminated are entitled to terminate their participation in this agreement provided that they give the managing NCB and the relevant AL NCB five business days' written notice thereof. If the AL group manager's participation is terminated, the remaining AL group members shall immediately appoint a new AL group manager.

6. The managing NCB, in agreement with the other AL NCBs, may terminate this agreement without prior notice and with immediate effect if the maintenance of it would endanger the overall stability, soundness and safety of TARGET2 or jeopardise the performance by the AL NCBs of their tasks pursuant to the Statute of the European System of Central Banks and of the European Central Bank. Any decision to do so shall be addressed in writing to the AL group members, setting out the reasons for the decision.

7. This agreement shall remain valid for as long as there are at least two AL group members.
